

## ***SCHOOL OFFICE INFORMATION and STUDENT OPT OUT LIST***

### **Washington State Healthy Youth Survey 2010**

This document is provided for school office staff to help answer questions from parents and students about the Healthy Youth Survey.

To help ensure that participation in the survey is voluntary, use the Student Opt Out List on the back of this document to list the names of students who will not take the 2010 Healthy Youth Survey due to parental or student request.

Please take a few minutes to familiarize yourself with the Parent and Student Information flyer about the 2010 Healthy Youth Survey. The flyer answers key questions about the survey and will be distributed to all parents and students in Grades 6, 8, 10, or 12 at your school. Make a few extra copies of the flyer for parents or students who come to the office to get more information about the survey or for those who may have misplaced the copy of the flyer that was sent to them.

We are requesting your help to ensure that student participation in the Healthy Youth Survey is completely voluntary. Use the Student Opt Out List to record the following information:

- **Write the name and grade of any student whose parent contacts the office staff or the principal to ask that their student not participate in the survey.**
- **Write the name and grade of any students who contacts the office staff or the principal to ask not to participate.**
- **Provide the list of these student names to your school's Healthy Youth Survey Coordinator the morning of the survey. The Coordinator will notify the students' teachers that the student should not take the survey and should be directed to the alternative activity planned by the school.**

The survey coordinator will also give you a copy of the 2010 Healthy Youth Survey to keep in the school's main office for parents who wish to review it. If you do not receive copies of the survey booklet(s), please contact your school's survey coordinator.

**Your school's survey coordinator is:** \_\_\_\_\_

If parents or students have any questions about the survey, please encourage them to call the Department of Health, RMC Research Corporation, or the Washington State Institutional Review Board:

- Kevin Beck, Department of Health: 1-877-HYS-7111
- Eric Einspruch, RMC Research Corporation: 1-800-788-1887
- Washington State Institutional Review Board: 1-800-583-8488

**Thank you for your help!**
